Gentlemen:

Buildings 651 - 652 , Raritan Center

Please be advised that Buildings 651-652 owned by Summit Associates may be contaminated with extremely hazardous substances due to prior occupancy by the Blue Spruce Company.

Until further information and possible sampling can be obtained, it is the intention of the Edison Division of Health to consider this building and the immediate surrounding property as constituting a serious public health nuisance.

Therefore, you are currently forbidden to allow occupancy, unauthorized entry, or demolition of Buildings 651-652, until cleared with this office.

The N.J.D.E.P. or U.S.E.P.A. may become the lead agency in this matter at which time you will be properly notified. Until such time all inquiries should be directed to this office.

Your cooperation in securing this property against unauthorized entry would be prudent and would be appreciated. Please do not hesitate to contact this office for assistance at any time.

Very truly yours,

John O. Grun
Assistant Health Officer
